DETAILED ACTION

Specification

The specification is objected to more specifically the background of the invention. It appears that as described in the background that figures 6, 7, 8A, 8B, C are prior arts. If this is the case, they should label as "Prior Art". What are the drawings for the improvement of the invention?

Drawings

1. Figure s 6, 7, 8A-C should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Allowable Subject Matter

2. Claims 1 – 3 would be allowable when complying with the above objection.

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

4. Reuveni et al. (US Patent Number 6,667,703) discloses a matching calibration for DACs.
5. Pansik et al. (US Patent Number 6,518,902) discloses a PC card and WLAN system having high speed, high speed resolution, DAC with off-line sigma delta conversion and storage.
6. Aldridge et al. (US Patent Number 5,887,244) discloses a multiple clock generation in a baseband simulator for testing a mobile communications transceiver.
7. Boie (US Patent Number 5,812,077) discloses a circuit for ADC of a video RF or IF signal.
8. Myers (US Patent Number 4,947,168) discloses a subranging ADC calibration.
9. Weigand et al. (US Patent Number 4,430,642) discloses a DAC.
10. This application is in condition for allowance except for the formal matters: mentioned above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
